## **Crime Trends, News, & Prevention Tips**

Not in the neighborhood zone, but south on Venice Blvd and Sepulveda Blvd, the large homeless encampment on Venice Blvd under the 405-freeway underpass is no longer there. City resources offered housing and aid to the large group of homeless living there for years and the Department of Sanitation cleared and fenced the area.

One of the largest residential burglary problems in the City of LA is in the residential area south of National Blvd

to Venice Blvd, between Centinela and Sawtelle Blvd. As it is south of the area, the burglars on occasion target a house

north of National Blvd in this area.

Please take as much precaution to prevent residential burglaries:

\*Make it difficult to make entry to the backyard as the burglars mainly smash the rear glass door via the backyard.

\*Use motion sensor lights.

\*Google: home prevention tips.

### October Burglaries (blue circles) and Stolen Vehicles (Red Stars)

\*Reminder: If you see suspicious activity, call the police immediately. Know your neighbors and keep an eye out for each other.

\*Reminder: the areas for Reporting Districts (RD)s 1401 & 1402: are the 10 Freeway to the North,

\*National Blvd to the South, Centinela Ave to the West, and the 405 to the East.

\*Please let me know if you have any questions, thanks!
