MVCC Zone 5 Report:

1. Working with South Mar Vista Neighborhood Association and other stakeholders regarding Zone 5 land use concepts from the LA City Dept. City Planning Palms -Mar Vista- Del Rey Community plan including proposed upzoning. Will be attending a Sept. 21 DCP virtual office hour zoom meeting with stakeholders to that end.

2. Working with stakeholders on the north side of Pacific Ave. between Marcasel and East Ave. They are very concerned that this area has been cut out of the North Oval historical designation. They feel that this doesn't seem right that the north side of the street could be zoned differently than the south side across the street, especially when the new zoning could allow for four story buildings on the small, one-way street. Letters have been sent to Mr. Bernstein and Ms. Ryan in the LA City Office of Historic Resources regarding this matter.
