9. New Business

a. **MOTION:** Proposed MVCC Resolution (WRAC Resolution Model)--Dockless Electric Scooter & Bicycle Providers (10 min)

"Whereas, on or about April 13, 2019, the pastor of a church located in Pacific Palisades was seriously injured in a hit-and-run accident caused by the user of a dockless electric scooter, who fled the scene (on the sidewalk outside of the church rectory) and could not be immediately apprehended at the time of the accident;

Whereas, any of us in any neighborhood of the City could be victims of such future reckless and unlawful conduct;

Whereas, the business providing the dockless electric scooter involved in the above accident refused to provide information to law enforcement about the user or to reasonably assist in law enforcement's investigation of the accident, resulting in an inability to bring the user to justice or a significant delay in justice;

Whereas, in the interest of public safety, every business providing dockless scooters and/or bicycles (Dockless Mobility Devices) operating in the City of Los Angeles (City) should reasonably be required to cooperate fully with law enforcement under the circumstances described above as a condition of being granted a business license or Dockless Mobility Permit;

Whereas, such requirement of provider cooperation with law enforcement is necessary to protect the safety of the public and does not unreasonably infringe on the privacy rights of users of Dockless Mobility Devices;

Whereas it is the responsibility of the Los Angeles Department of Transportation (LADOT) and the City to "promote safety...and improve the quality of life for the people of Los Angeles."

Whereas, prominent Dockless Mobility Device providers all publicly proclaim that the safety of riders and the community is their "obsession" (Bird) or their "top priority" (Lyft) or "#1 priority" (Lime);

Whereas, Dockless Mobility Devices providers can provide notice to users in the "Terms of Use" of their rental agreements that user information will be provided to law enforcement, upon request by law enforcement, in the event of an accident involving injury to another person caused or claimed to be caused by the operation of the Dockless Mobility Device;

Now, therefore be it RESOLVED, that

The Mar Vista Community Council (MVCC) urges the City to:

(1) Deny a business license and/or Dockless Mobility Permit, or suspend and/or revoke any previously-issued business license and/or Dockless Mobility Permit, to any provider of Dockless Mobility Devices operating in the City that fails or refuses to cooperate fully with law enforcement in providing information about the user of its Dockless Mobility Device involved in an accident causing injury to another person; and

(2) If and as necessary, immediately enact additional regulations amending existing rules and/or data protection policies in the City's Dockless Mobility Pilot Program to provide for issuance of business licenses and/or Dockless Mobility Permits only upon condition that providers cooperate fully with law enforcement under the circumstances set forth above; and

(3) Provide for suspensions, followed by revocation hearings, of any such licenses and/or permits issued to Dockless Mobility Device providers that fail or refuse to comply fully with law enforcement under the circumstances set forth above."

b. Working group under T&I to go over the LADOT report released on December 20, 2018 and to direct Great Streets development and establish confirmed sources of data to best achieve safety and mobility in the region of Venice Blvd. (5 min)

10. Public Comment and Announcements

a. **Saturday, July 21 Marina del Rey Gas Blowout Educational Forum** (5 min)

Join Food & Water Watch and Protect Playa Now for an Educational Forum on the Marina del Rey Gas Blowout and Playa del Rey Gas Storage Facility. At this interactive forum you will learn what's happened, the latest incidents with the blowout and gas storage facility along with important information about how local first responders proceed in an emergency and evacuation plans.

Find out what the scientists have to say. Are more blowouts due? Find out about publicly known gas leaks and lack of enforcement. Hear what our elected officials are going to do about it. Learn what actions we can take. City Councilmember Mike Bonin and representatives for Senator Ben Allen, Assemblymember Autumn Burke and Supervisor Janice Hahn will be in attendance.

**Background:** On January 11, 2019, a huge gas blowout on the corner of Via Marina and Tahiti Way in Marina Del Rey spewed liquids and 100,000 cubic feet of natural gas almost 100 feet into the air. The blowout happened while an old underground gas well was being repaired on the construction site of a new Courtyard Marriott Hotel.
