

POLICY MOTION

TITLE: Motion in Support of establishing a bike path along Sepulveda Creek.

PURPOSE: To establish a bike bath along Sepulveda Creek.

BACKGROUND:

Currently, Sepulveda creeks has wide, dirt maintenance roads on both sides. This space, while occasionally used by maintenance vehicles, is otherwise inaccessible by the communities it passes through.

While a maintenance road is needed from time to time, a bike path could be used full time, and doesn't preclude access by maintenance vehicles in an emergency. Furthermore, the bike path would only be on one side of the creek, preserving the opposite side for full time use by maintenance vehicles. Lastly, a bike path with drought resistant plants, solar powered lighting, and appropriate street furniture would be a huge improvement for the space, in addition to providing water benefits to the city.

THE MOTION: The MVCC is FOR conducting a feasibility study on ~~establishing~~ a bike path along Sepulveda Creek.

DIRECTED TO: LADOT; CD11, CD5
