July – August 2016

## President's Corner

**H**i, Members:  
Summer is upon us and many happy days are ahead for those who have plans for vacations, outdoor picnics, free concerts in the parks, etc. Welcome to the new members – it's a real pleasure to have you join the club. We have a lot of activities going on in the upcoming months, so jump right in and enjoy the club.

**Lee Hahn** and **Shelly Markham** did a wonderful performance that everyone loved, and I am sure we will have them back again.

On **July 8th** we will be celebrating the 4th of July with hot dogs and all the trimmings, so make sure to sign up for this event. As a special treat, we will be having **Stu & Laurie** on **July 15th**, a couple which are sure to please. Many members have enjoyed them at another venue, and requested that we have them for our club.

On **August 19** we will have our **27th Anniversary Party** with the Hawaiian Dancers. Please sign up early for this event as it will be catered and we must have a count of folks who will be there so we can order enough food.

A very special thank you to all the members who work long and hard behind the scenes to make sure the club has new and exciting things for you to participate in.

Remember, it's your club – help make it happen!  
Regards,

*Byron Stalcup*

## Vice-President's Corner

**W**hat a wonderful country we live in. As we move into summer and all the BBQ's and outdoor concerts, I would like to take this time to thank our Armed Forces who have made it all possible. God Bless America & Happy 4th of July.

We've made some new friends and lost some old friends, but, we still carry-on. We've celebrated Mother's Day with pink carnations; listened to the foot tapping Mariachi Romanza; learned how to "Take a Stand against Falling"; had a wonderful Game Day where "Crazy 8's" was the game of choice at three tables. We will reschedule "*Back to Happy*" but stay happy in the meantime.

We enjoyed the wonderful Broadway songs of **Lee Hahn** and **Shelly Markham**...and our field trip to "*How to Succeed in Business...*" at the Glendale Theatre was to a sellout crowd, so it has been a busy spring.

I really believe entertainment and involvement helps keep us young. Thank you volunteers, you are the club. Thank you for letting me serve you.

### **10 Positive Habits That Will Help Make Life Better,**

*by Nicolas Cole*

- 1) Keep your first promise of the day.
- 2) Dress for success. Look good, feel good.
- 3) A meditative moment. These are early moments of calm on which to think back later because life is full of waves and it is all about riding them out.
- 4) Eat lunch even if only to take 15 minutes to eat a sandwich. Your schedule should not be so busy as to not make time to feed yourself.
- 5) An afternoon moment. You'll be amazed what 5 minutes of quiet can do for the rest of your day.
- 6) Find some free time. Free time is crucial especially for creative people. Let your mind wander. Take a step back to reflect on life.
- 7) Manage your money. Don't let your money manage you. Make purchases within reason. Then once a month, do a quick review with yourself and look at where your money is being spent.
- 8) Introduce yourself to people who cross your path – the easiest way to keep life interesting. You never know who you will meet through random conversations. By deciding to talk to someone new you could get some of your favorite stories.
- 9) Explore new things. Take different routes when driving to familiar places.
- 10) Keep a journal. Do some writing before going to sleep...it is one of the few moments during the day when all is calm. A well-rested mind is far more productive than a tired one -- in spite of how much coffee you drink. Aim for 7 to 7 1/2 hours of sleep every night. Don't settle for 5 or 6.

Here's to Happy Summer Days to all of you, from me...

## A DIFFERENT POINT-OF-VIEW

I was walking by a schoolyard and three or four kindergarten kids were sitting at a table and I heard one of them say, "Look at the old lady"... then they giggled. I thought to myself, "Ha! You're the ones in the cage," and continued on my stroll.

## UNCONDITIONAL SURRENDER

The profound joy portrayed in this sculpture was prompted by the spontaneous surrender of the Japanese, thus ending World War II on August 14, 1945. Among the celebrants in Times

Square in New York City were a U.S. sailor and a nurse embracing amidst the multitude of joy makers.

The merriment expressed the pride and relief of the military and the home front to have been part of this great victory – despite the 11 years of unemployment and the hardships of the Great Depression; four years of horrific war; losing loved ones; the rationing of food and gasoline and the war production duties endured by the home front. This group is called the "Greatest Generation," which is a title they well deserve.

This celebrated moment in the history of our nation prompted preeminent American sculptor J. Seward Johnson, to create this sculpture, which he named "Unconditional Surrender." After several years of intensive efforts, a proud veteran of WWII, Jack Curran, bought the sculpture, and with the outstanding support given by various Sarasota County veterans' organizations, he was able to donate the sculpture to the City of Sarasota, Florida.

The presence of this sculpture prompts viewers to never forget the "Greatest Generation" or the day when they demonstrated their "Unity" – 8-14-1945 (copyright 2011 - Frank Fasulo).

## BOOK REVIEW, by Amazon.com

*"In a Fisherman's Language: An Autobiography"* by **Captain James Arruda Henry**

Recently Featured in People Magazine and on CNN.

James Arruda Henry was in his mid-nineties when he began to learn to read and write. For over nine decades he had lived successfully without being able to sign his own name. Inspired by a book written by a 98 year old man who had also lived without literacy, James began quietly practicing his own signature at the dining room table and went on to hand write his first book.

From his earliest recollections of his grandfather's farm in the Azores [west of Lisbon, Portugal] to a snippet of his daily life today, James shows how a life powered by commitment, hard work and determination can redefine a person at any age.

## NEXT NEWSLETTER...

...will contain a biography about "A Successful Housewife" – the business life of one of our members in the Philippines back in the 50s and 60s.

Let's Go!

with Tour Director  
Carol Perkins...

As I write this, we are anticipating a trip to the Glendale Theatre to see "How to Succeed in Business Without Really Trying" and I'm confident we had a swell time. That Theatre always puts on a classy production and we have never been disappointed.

Now with the summer fast approaching, we will take a break and the next outing I have planned for you will be on **September 22** to see "The 40's Follies" which will be a luncheon (with wine) and musical revue. I have a contract lined up and now need to apply for a bus, so keep tuned for further details in the near future. Signups will probably begin in late July.

Also, we will probably go back to **Viejas October 24-25** for an overnight gambling trip.

Although there are no trips planned for July or August, we will have a Fourth of July party and the Anniversary party in August to look forward to.

Summer months are notoriously busy with vacations, visitors and family activities so I know the time will pass very quickly.

I have in my possession a large number of discount coupons for **Knott's Berry Farm**. Each coupon is good for six admissions – nice to have if you have out of town guests or just family. I will have these at club each week if anyone is interested in partaking.

So, mark your calendars for our future dates and have a safe, healthy and fun summer.

*Carol Perkins*
